

## METHOD 1

Please remember that the finger measurement taken on the right hand will not fit on the left hand and vice versa.

Be sure that the finger measurement you have taken slides easily over the entire the length of your finger.

To take your finger measurement, you can use a tailors tape measure. It is necessary to measure the circumference of the finger. The measure will correspond to the measures listed below.

The measures yes  
refer  
to the inside diameter  
ring

## METHOD 2

To find your finger measurement, place one of your rings over the measurement card below.

**PLEASE PAY ATTENTION:** before printing the file make sure that "SCALE: 100%" is selected in the print settings.

In case of doubt between two measures, we advise to choose the largest one.
